35. **Rating of Your Own Health Today**

To help you say how good or bad your own health is today, we have drawn a scale (rather like a thermometer) on which the best imaginable health is marked by 100 and the worst imaginable is marked by 0.

We would like you to indicate on this scale how good or bad your own health is today, in your opinion. Please do this by drawing a line from the circle at the bottom of the thermometer below to whichever point on the thermometer indicates how good or bad your own health is today.
