There are several large public health insurance programs (with similar names) that are easily confused.

Medicare is a health insurance program for persons 65 years or over and for disabled persons. Other programs, such as Medicaid (STATE NAME FOR MEDICAID) or (STATE CHIP NAME), are state programs which cover low income families and individuals or children who do not have private health insurance.

Let me first ask about Medicare. People covered by Medicare usually have a card that looks like this.

At any time since (START DATE), has anyone in the family been covered by Medicare?
