The AC section is asked in rounds 2 and 4 only. If it is round 1, 3, or 5, continue to the next section.

Context header display instructions: display Person.FullName, Prov.LorpName, LPERSON.FULLNAME
For each element in the RU-members-roster, ask AC10 - END_LP10.

Loop definition: LOOP_10 collects the name of the usual source of care provider, if any, for each current RU member. This loop cycles on persons who meet the following conditions:

- Person is a current RU member (included in person array)
- Person is not deceased (PersRndStatus ≠ Deceased)
- Person is not institutionalized (PersRndStatus ≠ Institutionalized)

Display Instructions:

If provider added or selected at PV30LU is a person provider, that person provider will be considered the ‘USC (USUAL SOURCE OF CARE PROVIDER) PROVIDER’ for this person for this round.

If provider added or selected at PV30LU is a facility provider and PV70=0, that facility provider will be considered the ‘USC (USUAL SOURCE OF CARE PROVIDER) PROVIDER’ for this person for this round.

If provider added or selected at PV30LU is a facility provider and PV70 ≠ 0 or empty, the entry at PV70, in conjunction with the facility provider at PV30LU, will be the ‘USC (USUAL SOURCE OF CARE PROVIDER) PROVIDER’ for this person for this round.

If the USC provider is a person provider, then the USC type is PERSON-TYPE PROVIDER.

If the USC provider is a facility provider and PV70=0, then the USC type is a FACILITY-TYPE PROVIDER.

If the USC provider is a facility provider and PV70≠0 or empty, then the USC type is a PERSON-IN-FACILITY-TYPE PROVIDER and the entry entered at PV70 will be considered the USC in conjunction with the facility provider selected or added at PV30LU.

If USC provider selected at PV30LU is a FACILITY-TYPE PROVIDER or a PERSON-IN-FACILITY-TYPE PROVIDER and AC50 was not already asked for this USC provider in an earlier loop, or in round 2 if round 4 or if it’s round 4 and in round 2, this item was coded as missing (RF, DK), go to AC50.

Otherwise, if USC provider selected at PV30LU is (a PERSON-TYPE PROVIDER) or (a FACILITY-TYPE PROVIDER or a PERSON IN FACILITY TYPE PROVIDER and AC50 has already been asked for this USC provider in an earlier loop, or in round 2 if round 4 (Preload.PlaceType)), go to AC60.
AS IF NOT OBVIOUS.

[Is {PROVIDER}/Does {PROVIDER} work at] a clinic in a hospital, a hospital outpatient department, an emergency room at a hospital, or some other kind of place?

HELP: F1

Responses:

HOSPITAL CLINIC OR OUTPATIENT DEPARTMENT ...... 1 AC60 (AC1065)
HOSPITAL EMERGENCY ROOM .................... 2 AC60 (AC1065)
OTHER KIND OF PLACE .............................. 3 AC60 (AC1065)

**Route Details:**

Cycle on next person in the RU-members-roster who meets the conditions stated in the loop definition.

If no other persons meet the stated conditions, end LOOP_10 and continue with BOX_90.
If at least one provider was selected or added as a ‘USC provider’ on the RUmedical-providers-roster, continue with LOOP_20.

Otherwise, go to AC210.

For each element in the RU-medical-providers-roster, ask AC140 - END_LP20.

Loop definition: LOOP_20 collects detailed information on each unique usual source of care provider identified for this RU. This loop cycles on providers who meet the following condition:

- Provider was selected or added as ‘USC provider’ during the current round for a current RU member.

Note: if the USC provider being looped on is a 'PERSON IN FACILITY-TYPE-PROVIDER' the context header in LOOP_20 will display the name of facility selected or added at PV30LU. If the USC provider being looped on is a 'FACILITY-TYPE-PROVIDER', the context header in LOOP_20 will display the facility-provider name. If the USC provider being looped on is 'PERSON-TYPE PROVIDER' the context header in LOOP_20 will display the person-provider name.

For ‘PROVIDER’ in the question text, display the name of the facility if the USC type is a FACILITY TYPE PROVIDER, display the name of the person provider, if the USC type is a PERSON TYPE PROVIDER, and display the name entered at PV70, if the USC type is PERSON IN FACILITY TYPE PROVIDER.
The next few questions ask about the experience {{PERSON 1},} {PERSON 2},} {PERSON 3},} {PERSON 4},} {PERSON N},} {or their parents} {have had/has had} with {PROVIDER} . Please think about their overall experiences when answering the following questions.

How difficult is it to contact {a medical person at} {PROVIDER} during regular business hours over the telephone about a health problem?

Would you say it is very difficult, somewhat difficult, not too difficult, or not at all difficult?

Responses:

VERY DIFFICULT .......................................................... 1
SOMewhat DIFFICULT .................................................. 2
NOT TOO DIFFICULT ...................................................... 3
NOT AT ALL DIFFICULT .................................................. 4
REFUSED ................................................................. RF
DON'T KNOW .............................................................. DK
Programmer Instructions: If AC50 was coded ‘2’ (HOSPITAL EMERGENCY ROOM) for this USC provider, go to AC160.

Otherwise, continue with AC150.

Display Instructions: Display ‘a medical person at’ if USC provider being looped on is a ‘FACILITY-TYPE-PROVIDER’.

Otherwise, use a null display.

Display 'have had' if roster list displayed at the question text includes the respondent or includes more than 1 person. Otherwise, display 'has had'.

Roster definition: Roster 1 - Report

This item displays RU-members-roster for display. Display RU member’s first, middle, and last names (Person.FullName). Display “you” rather than the respondent’s name, when respondent’s name is included in the list. Separate each name with a comma and before the last RU member’s name display an “and”.

Question Text:
The following questions are about the use of health care. Do not include dental care or prescription medicines.

Please think about the last 12 months, that is, between {MONTH YEAR-1} and today. {{Have you/Has {PERSON}}
delayed seeking medical care/Has medical care been delayed for anyone in the household} because of worry
about the cost?

Responses:

| YES | ................................. | 1 | AC220 | (AC1186) |
| NO | ................................. | 2 | AC230 | (AC1187) |
| REFUSED | ............................... | RF | AC230 | (AC1187) |
| DON'T KNOW | ............................ | DK | AC230 | (AC1187) |
If coded ‘1’ (YES) and a MULTI-PERSON RU, continue with AC220.
If coded ‘1’ (YES) and a SINGLE-PERSON RU, automatically code person at AC220, and go to AC230.

For ‘MONTH YEAR-1’ display the month of the current interview and the current interview year minus 1.
Display ‘{Have you/Has {PERSON}} delayed seeking medical care’ if SINGLE-PERSON RU. Otherwise, display ‘Has medical care been delayed for anyone in the household’.
